

SUFFRAGE BURIED UNDER LANDSLIDE IN EMPIRE STATE

Majority of 200,000 Votes Cast Against Equal Rights.

Revised State Constitution Emphatically Rejected.

G. O. P. HOLDS LEGISLATURE

Democrats Generally Successful in Greater New York.

Harrington (Dem.) Is Elected Governor of Maryland.

New York, Nov. 3.—Woman suffrage was beaten by a majority of about 200,000 and the revised state constitution rejected by approximately 400,000 in the state-wide yesterday, returns today show.

The legislature will be virtually the same composition as it was this year. Politically the senate, to which only one member was elected, yesterday remained unchanged. The assembly, which contained ninety-nine Republicans this year, will have ninety-eight next year. One Progressive, a Socialist and fifty Democrats will comprise the body.

Nearly seventy-five inmates of the home signed the lengthy protest against existing rules and conditions at the home.

A majority of the mayors elected in the state were Republican. Albany, Amsterdam, Kingston, Poughkeepsie and Rochester named Republicans. Troy, Utica and Mount Vernon elected Democrats. Theron Akin, a former congressman, ran behind in Amsterdam and was defeated by James R. Cline. George R. Lind, former Socialist mayor of Schenectady, was returned to that office.

Democrats were successful in greater New York. Alfred E. Smith and Edward Swann, Democrats, were elected sheriff and district attorney respectively in New York county by majorities estimated at from 40,000 to 50,000. In the four other counties, James Cropper, a Republican, was elected to a high county office.

The board of aldermen in the city is overwhelmingly Democratic.

"We all have our disappointments you know," was the report of Elihu Root, who presided over the constitutional convention held in 1915. "While it never was formally made a party issue, most of the Democrats were disappointed in the statute the people of New York must decide at the general election next year whether another constitutional convention shall be held in 1917."

Harrington Wins in Maryland. Baltimore, Nov. 3.—State Comptroller Emerson C. Harrington, the Democratic candidate for governor, was elected to succeed Gov. H. B. Goldsborough, Republican. At 5 o'clock this morning his plurality over O. E. Weller, Republican was estimated at 3,500. Albert C. Ritchie, Democratic candidate for attorney general, ran ahead of Harrington considerably, and Hugh A. McMullen, candidate for comptroller, ran about evenly with the gubernatorial candidate.

Harrington was elected by the vote of Baltimore City, but he ran about 7,000 behind the vote given United States Senator John Walter Smith, one year ago. The Democrats will retain control of the senate through hold over members, and probably will have a reduced majority in the house.

Democrats Lead in Kentucky. Louisville, Ky., Nov. 3.—Complete unofficial returns from 111 of the 120 counties in the state early today, gave former Congressman Augustus C. Stanley, Democrat, a plurality of 9,023 votes over Edwin P. Morrow, of Somerset, his Republican opponent. The count was: Stanley, 167,223; Morrow, 158,184.

Of the nine counties yet unheard from four in the state election of 1911 returned Democratic majorities, while the others are in the hands of the Republicans.

Republicans Control Jersey. Trenton, Nov. 3.—Both houses of the 1916 New Jersey legislature will be Republican. As a consequence of this the Republicans will have a majority on joint ballot in the election next to elect a Republican to succeed Democratic State Chairman Edward E. Grosscup as state treasurer.

The state senate will stand thirteen Republicans and eight Democrats, and the house of assembly thirty-seven Republicans to twenty-three Democrats. The majority on joint ballot for the Republicans will be nineteen.

Pueblo Repeals Single Tax. Pueblo, Colo., Nov. 3.—Complete returns today showed that the single tax amendment to the city charter was repealed in yesterday's election by a small majority.

England to Recognize Carranza. London, Nov. 3.—Foreign Secretary Grey informed the house of commons today that Great Britain intends to recognize the Carranza government in Mexico. He said the government was in communication on the subject with its allies.

Sir Frederick Smith Goes Up. London, Nov. 3.—Sir Frederick Edward Smith, who has been solicitor general, has been appointed to succeed Sir Edward Carson as attorney general. Premier Asquith announced today.

A Record Crowd at Fair. San Francisco, Cal., Nov. 3.—All attendance records at the Panama-Pacific exposition were broken Tuesday by the crowds that assembled to celebrate the anniversary of the discovery of gold. The number reached 309,993. The previous high mark was made on February 20, the opening day, when the attendance total was 255,149.

BAY STATE BACK IN G. O. P. FOLD BY A DECISIVE VOTE

Former Congressman McCall Returns Indicate Defeat Was Smaller Than Expected.

Republicans Gain Seventeen Seats in Legislature.

SUFFRAGE IS SNOWED UNDER

Small Vote for Progressives Puts Party Out of State.

Big Showing of Prohibitionists Gives Label Legal Status.

Boston, Nov. 3.—The Republican party regained control of the executive department of the state government yesterday after an interim of five years, when Samuel W. McCall, a former congressman, was elected governor by a plurality of 6,606 over David I. Walsh, Democrat.

The remainder of the Republican state ticket was elected by larger pluralities and the vote for governor and lieutenant governor was by a plurality of 6,606 over David I. Walsh, Democrat.

The proposed amendment to the constitution granting the right of suffrage to women was defeated by a majority of 122,083. Incomplete returns indicated the probable adoption of constitutional amendments empowering the legislature to enact laws providing for different rates of taxation on various classes of property and authorizing the purchase by the state of land for homestead purposes.

A revision today of last night's returns show the complete vote of the state for governor and lieutenant governor and on the suffrage amendment to be as follows:

For governor—Samuel W. McCall, Rep., 239,312; David I. Walsh, Dem., 229,312; William Shaw, Proh., 19,624; Nelson B. Clark, Prog., 7,034.

For lieutenant governor—Calvin Coolidge, Rep., 250,940; Edward P. Barry, Dem., 203,264.

Suffrage—Yes, 163,406; no, 235,439. The remainder of the state ticket elected is composed entirely of Republicans.

The Republicans will have a majority of 120 on a joint ballot of the legislature.

One feature of the election was the dwindling of the Progressive vote to a figure which deprives the party of legal standing in the state. Three years ago Charles S. Bird, Progressive candidate for governor, polled 128,102 votes, and in 1913 he increased this to 127,655, running ahead of the Republican nominee. Last year only 32,143 votes were cast by Progressives.

Both Bird and Joseph Walker, last year's Progressive nominee, supported McCall, and the result in Massachusetts is concerned, collapsed. The Republican camp the greater part of their following.

The prohibition party attained the status of a legal party by polling more than the required three per cent of the total vote.

The vote cast for McCall was the largest, with one exception, ever polled by a candidate for governor in this state, and the total vote was only some ten thousand behind the record.

During the campaign McCall directed his energies chiefly to attacking the national administration. Walsh declined to take up the fight on behalf of President Wilson, asserting that questions of national policy had no part in a state campaign, and he himself to a defense of his own action as governor and charges of invisible government controlling the Republican party for improper purposes.

A plea for a secretary to take charge of the laymen movement in this district was made before about 75 Topeka laymen at a luncheon Tuesday by W. E. Dowdie, international secretary of the laymen missionary movement. Mr. Dowdie is in favor of the business and professional men, members of churches, to back this plan.

Dowdie told of the big proposition that the laymen are facing and of the wonderful results so far obtained. For instance, at the time the movement was started \$3,000,000 was being used annually to carry out missions. Now \$17,000,000 is being sent out to Christianize heathen peoples. Other things have been increased in proportion.

W. E. Geil, a widely known traveler, lecturer and explorer, in a brief talk following the luncheon told of the bigger business men who are back of the laymen missionary movement. He mentioned the late John B. Stetson, Mr. Helme, who makes pickles, and Ferrins, the British statesman.

The luncheon was held at the Hotel Teak room. Members from various Topeka churches were in attendance. D. O. Coe presided.
